CITIZENS' OVERSIGHT COMMITTEE MEETING AGENDA Wednesday, March 24, 2021

6:00 P.M.

We encourage the public to observe the Citizens' Oversight Committee Meeting and provide public comment and we have established a method that will allow the public to make comments using their own voice and words (rather than having written comments from the public read by District staff).

To watch the Citizens' Oversight Committee Meeting and provide public comment via Zoom, please join from a PC, Mac, iPad, iPhone, or Android device, please click this URL to join: Zoom. Citizens' Oversight Committee

(the Zoom link is included on the Citizens' Oversight Committee District Webpage)

Please be aware that the public may still send correspondence (such as email, U.S. postal mail, etc.) to Committee Members. However, this correspondence is not considered public comment at a Citizens' Oversight Committee Meeting and will not be treated as such.

The Sonoma Valley Unified School District adheres to the Americans with Disabilities Act. Should you require special accommodations or more information about accessibility please contact 707/935-4249. All efforts will be made for reasonable accommodations.

PLEASE TURN OFF ALL CELL PHONES AND/OR PAGERS as a courtesy to the Committee and the audience.

Estimated Time

6:00 P.M. CALL TO ORDER

- 10. Public Comment
- 11. Adjournment

Sonoma Valley Unified School District

Meeting of the Citizens' Oversight Committee - October 21, 2020

MINUTES

MEMBERS PRESENT: Chris McNairy, Havard Staggs and Jamie Storck

MEMBERS ABSENT: Kevin Berger

ADMINISTRATORS PRESENT:

Bruce Abbott, Associate Superintendent: Business Services

CALL TO ORDER The Citizens' Oversight Committee met via Zoom and made available for

public viewing and public commenting. The meeting was called to order at

6:08 p.m.

1. Approval of Minutes

A motion to approve the Minutes of the April 21, 2020 meeting was made by

Havard Staggs and seconded by Jaime Stock. 3 Ayes. Motion passed.

2. Approve of Expenditures April 6, 2020 through June 30, 2020

The Committee reviewed expenditures made in both the 2010 measure H Bond Fund and the 2017 measure E Bond fund for the period April 6, 2020 through June 30, 2020. Committee Member Havard Staggs made a motion to approve, seconded by Jaime Storck. 3 Ayes. Motion passed.

3. Approve of Expenditures July 1, 2020 through October 02, 2020

The Committee reviewed expenditures made in both the 2010 measure H Bond Fund and the 2017 measure E Bond fund for the period July 1, 2020 through October 02, 2020. Committee Member Jaime Storck made a motion to approve, seconded by Havard Staggs. 3 Ayes. Motion passed

4. Calendar Next
Meeting to Approve
Bond Audits Fiscal
Year ending June
30, 2020

The Citizens' Oversight Committee will reconvene on March 24, 2021 at 6:00 p.m. after the committee members have had time to review the Fiscal Audits of both measure H Bond and measure E Bond Fiscal Year ending June 30, 2020.

5. Calendar Next Meeting Date to Approve Annual Report The Committee will reconvene on March 31, 2021 at 6pm. To approve the Annual Report and bring to the April 20, 2021 Board Meeting.

6. Public Comment None

Adjourn The meeting was adjourned at 6:23 p.m.

Additional notes:

Havard Staggs shared concern regarding the number of Committee members.

Citizens Committee should be a total of seven members.

There are applications on the Bond Page, though none have been submitted.

Chris McNairy asked to research Term dates for Committee Members.

Bruce Abbott invited Committee members to tour the Facility sites to view projects. Dates TBD

INDEPENDENT AUDITOR'S REPORT

Measure E Citizens' Oversight Committee and Governing Board Members Sonoma Valley Unified School District

Report on the Financial Statements

We have audited the accompanying financial statements of the Measure E Bond Fund of the Sonoma Valley Unified School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Sonoma Valley Unified School District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure E Bond Fund of the Sonoma Valley Unified School District, as of June 30, 2020, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in Note 1, the financial statements present only the Measure E Bond Fund and do not purport to, and do not, present fairly the financial position of the Sonoma Valley Unified School District, as of June 30, 2020, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sonoma Valley Unified School District's Measure E Bond Fund financial statements. The program statements as identified in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. These statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the bond fund financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have issued our report dated February 24, 2021 on our consideration of the Sonoma Valley Unified School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Sonoma Valley Unified School District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated February 24, 2021 on our consideration of the Measure E Bond Fund compliance with the requirements of Proposition 39. That report is an integral part of our audit of the Measure E Bond Fund for the fiscal year ended June 30, 2020 and should be considered in assessing the results of our financial audit.

February 24, 2021 San Jose, California

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Principles

Sonoma Valley Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the U. S. Governmental Accounting Standards Board ("GASB") and the American Institute of Certified Public Accountants ("AICPA").

B. Reporting Entity

The District is the level of government primarily accountable for activities related to public education. The governing authority consists of five elected officials who, together, constitute the Board of Trustees.

In 2016-17, an advisory committee to the District's Governing Board and Superintendent, called the Measure E Citizens' Oversight Committee was established. The purpose of the committee is to inform the public concerning the expenditure and uses of the District's bond measure revenues. The Committee's legal charge is to actively review and report on the expenditure of taxpayer money for school construction in accordance with voter approved projects.

The financial statements presented are for the Measure E Bond Fund and are not intended to be a complete presentation of the District's financial position on operations.

C. Basis of Presentation

Fund Financial Statements:

Fund financial statements report detailed information about the District. The Building Fund is a governmental fund and is presented as a major fund in the District's combined financial statements. The Building Fund is used to account for proceeds from the sale of real property and account for the acquisition of major governmental capital facilities and buildings from the sale of bond proceeds such as Measure E general obligation bonds.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances for the Measure E Bond Fund presents increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Governmental funds use the modified accrual basis of accounting.

Revenues - Exchange and Non-exchange Transactions:

On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. To achieve comparability of reporting among California districts, and so as not to distort normal revenue patterns with specific respect to reimbursement grants and correction to state-aid apportionments, the California Department of Education has defined available for district as collectible within one year.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue:

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources from unearned revenue. On governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have also been recorded as deferred inflows of resources.

Expenditures:

On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

These budgets are revised by the District's governing board and District superintendent during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object.

F. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated on June 30.

G. Assets, Liabilities, and Equity

1. Cash and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Deposit Insurance.

In accordance with *Education Code* Section 41001, the District maintains substantially all of its cash in the County Treasury. The county pools these funds with those of other Districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made.

2. Cash and Cash Equivalents

The District's cash deposits are considered to be cash on hand and cash in banks. Cash and Cash Equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

3. Investments

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach This approach uses prices generated for identical or similar assets
 or liabilities. The most common example is an investment in a public security traded
 in an active exchange such as the NYSE.
- Cost approach This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

4. <u>Long-Term Obligations</u>

In the Measure E Bond Fund financial statements, bond premiums, discounts and bond issuance costs are recognized during the current period. The face amount of the debt issued, premiums, or discounts are reported as other financing sources/uses.

5. Fund Balance Classifications

In accordance with Government Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classifies governmental fund balances as follows:

- *Nonspendable* includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Committed fund balances are imposed by the District's board of education.
- Assigned includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Superintendent and the Assistant Superintendent of Business Services.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

• *Unassigned* includes positive fund balance that has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

6. Accounting Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

Summary of Deposits

A summary of deposits as of June 30, 2020, is as follows:

	Carrying	Fair
Description	Amount	Value
Cash in county treasury investment pool	\$71,111,267	\$ 71,530,823

Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

The District has the following recurring fair value measurements as of June 30, 2020:

• Investments in the Sonoma County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

Cash in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Risk Disclosures

Limitations as they relate to interest rate risk, credit risk, custodial credit risk - deposits and concentration of credit risk are described below:

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains cash with the Sonoma County Investment Pool. The pool has a fair value of approximately \$2.836 billion and an amortized book value of \$2.819 billion. The average weighted maturity for this pool is 787 days.

Credit Risk

Credit risk is the risk of loss due to the failure of the security issuer. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the Sonoma County Investment Pool is governed by the County's general investment policy. The investment with the Sonoma County Investment Pool is rated at least A by Moody's Investor Service.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the California Government code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 3 - MEASURE E GENERAL OBLIGATION BOND

Through elections, the District received authorization to issue general obligation bonds (GOB) that requires the county to levy annual ad valorem taxes for the payment of interest and principal on the bonds. Bond proceeds are used to help prevent budget cuts, improve student achievement and college/job preparation by making neighborhood schools energy efficient through the installation of solar panels, energy efficient windows, and by implementing water conservation improvements. This will create savings that will be used to improve classrooms, upgrade technology, modernize and equip classrooms, libraries, computer and science labs, as well as support career/technical education.

In 2018, the District issued \$50,000,000 in 2016 General Obligation Bonds, Series 2017, with an interest rate of 2-4% to finance specific constructions, repairs and improvement projects. The County Treasurer levies annual ad valorem taxes for required debt service payments.

In 2020, the District issued \$40,000,000 in 2016 General Obligation Bonds, Series 2020, with an interest rate of 1.6-4% to finance specific constructions, repairs and improvement projects. The County Treasurer levies annual ad valorem taxes for required debt service payments.

Measure E Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

The following schedule summarizes the District's Measure E Bond Fund general obligation bonds as of June 30, 2020:

		Bonds										Bonds
Issue Maturity Interest				Original Outstanding						C	Outstanding	
Bond	Date	Date	Rate		Issue	July 01, 2019		Issued	R	Redeemed	Ju	ine 30, 2020
2016 GOB, Series 2017	2018	2047	2-4%	\$	50,000,000	\$ 46,000,000	\$	-	\$	2,650,000	\$	43,350,000
2016 GOB, Series 2020	2020	2047	1.6-4%	\$	40,000,000	-		40,000,000		-		40,000,000
Total General Obligation Bonds						\$ 46,000,000	\$	40,000,000	\$	2,650,000	\$	83,350,000

The following is a summary of the annual debt service requirements as of June 30, 2020:

Year Ending June 30	Principal	Interest	Total
2021	\$ 7,725,000	\$ 2,893,176	\$ 10,618,176
2022	1,925,000	2,826,925	4,751,925
2023	2,250,000	2,743,425	4,993,425
2024	645,000	2,685,525	3,330,525
2025	770,000	2,657,225	3,427,225
2026-2030	5,470,000	12,681,125	18,151,125
2031-2035	8,650,000	11,469,725	20,119,725
2036-2040	15,125,000	9,466,925	24,591,925
2041-2045	22,865,000	5,952,938	28,817,938
2046-2050	17,925,000	1,098,700	19,023,700
Total Debt Service	\$ 83,350,000	\$ 54,475,689	\$ 137,825,689

NOTE 4 - COMMITMENTS

Through February 24, 2021, the date on which the financial statements were available to be issued, the District had encumbered \$13,842,018 of the Measure E Bond proceeds to be spent on capital projects in the fiscal year ended June 30, 2021.

Measure E Bond Fund Notes to Program Statements For the Fiscal Year Ended June 30, 2020

NOTE 1 - THE PROGRAM

In November 2000, California voters passed Proposition 39, which allows school districts to issue general obligation bonds with 55% voter approval (instead of two-thirds of the votes), if the intent and purpose of the bonds is to reduce class sizes and to modernize/replace school facilities. Along with the passage of Proposition 39, additional requirements are also added to ensure accountability over the usage of the bond proceeds, which includes conducting annual financial and performance audits.

The Sonoma Valley Unified School District passed Measure E on November 2016, with 55% of District voters approving the measure. The governing board then appointed a Citizens' Oversight Committee to ensure accountability over the issuance and expenditures of bond proceeds. The bond oversight committee holds quarterly meetings to ensure that bond proceeds are expended in accordance with the bond project list and to obtain updates from the bond manager in regard to the progress of projects funded with bond proceeds.

The Sonoma Valley Unified School District successfully sold all of the bonds authorized by the capital program under Measure "E", which authorized \$120 million in bonds to be sold over time.

All projects funded by the issuance of Measure E general obligation bonds are subject to review by the District's Board of Trustees and by an independent Citizens' Oversight Committee. The District will also provide many public forums to present progress and seek input from community members, parents, and staff.

NOTE 2 - ORGANIZATION

Sonoma Valley Unified School District was established in 1901 and encompasses an area of approximately 900 square miles. There were no changes in the boundaries of the District during the current year. The District currently operates five elementary schools, two middles schools, one high school, and a continuation high school.

The board of Education for the fiscal year ended June 30, 2020, was comprised of the following members:

Name	Office	Term Expires
John Kelly	President	December 2025
Melanie Blake	Vice President	December 2023
Cathy Colemen	Member	December 2023
Britta Johnson	Member	December 2020
Catalina Wetzel	Member	December 2020

Measure E Bond Fund Notes to Program Statements For the Fiscal Year Ended June 30, 2020

NOTE 3 - CITIZENS' OVERSIGHT COMMITTEE

Duties of the committee include ensuring that bond revenues are expended only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities. The committee must also ensure that no funds are used for any teacher or administrative salaries or other school operation expenses.

Furthermore, the committee is authorized to receive and review copies of the annual independent performance audit and the annual independent financial audit required by Article XIIIA, Section 1(b)(3)(C) and Article XIIIA, Section 1(b)(3)(D), respectively, of the California Constitution.

The Committee was formed by the Board trustees, which met two times in the last fiscal year. The Citizens' Oversight Committee was comprised of the following members as of June 30, 2020:

Name	Title
Berger, Kevin	At-large Community Member
Staggs, Havard	Senior Citizens Organization
McNairy, Chris	Parent and Active in a School Organization
Storck, Jamie	Business Organization
- VACANT -	Parent and At-large member
- VACANT -	Bonafide Taxpayer Organization/ Local Business

During the fiscal year ended June 30, 2020, the District was unable to fill all the committee positions, however, as required by Article XIIIA, the District was actively seeking to fill these roles and publicly posted the vacancies.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

Measure E Bond Fund Schedule of Findings and Recommendations For the Fiscal Year Ended June 30, 2020

This section identifies the deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with Government Auditing Standards.

Our tests resulted in no findings and recommendations.

Measure E Bond Fund

Schedule of Prior Year Findings and Recommendations For the Fiscal Year Ended June 30, 2020

Finding 2019-001; 30000 - Accounts Payable Accrual (Repeat of finding 2018-001)

Criteria: According to Generally Accepted Accounting Principles (GAAP) all expenses should be recognized when incurred.

Condition: During our testwork over the District's accounts payable, we noted that the District incorrectly excluded \$248,427.

Effect: The District's accounts payable and expenses were understated by \$248,427.

Cause: During year end process, the District incorrectly performing system processes and failed to review the final accrual balances to ensure proper classification of expense cutoff for accounts payable.

Recommendation: We recommend the District review the system process for recording expenses as accounts payable and ensure ending accounts payable balances are correct.

Corrective Action Plan: The District will review invoices received subsequent to year end and apply them to the correct fiscal year. The district will also review all closing entries with our County Office of Education to ensure that proper system processes have been performed correctly to produce the appropriate entries.

Status: Implemented.

OTHER INDEPENDENT AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Measure E Citizens' Oversight Committee and Governing Board Members Sonoma Valley Unified School District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure E Bond Fund of the Sonoma Valley Unified School District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Sonoma Valley Unified School District's Measure E Bond Fund financial statements, and have issued our report thereon dated February 24, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sonoma Valley Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sonoma Valley Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sonoma Valley Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sonoma Valley Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However,

providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

February 24, 2021 San Jose, California

C&A WF

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON THE MEASURE E BOND PROGRAM

Measure E Citizens' Oversight Committee and Governing Board Members Sonoma Valley Unified School District

Compliance

We have audited the Sonoma Valley Unified School District's (the District) compliance with Measure E of the November 2016 election, as approved under Proposition 39, and with the performance requirements referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of the District's management.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance with the laws and regulations identified above based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on compliance with the laws and regulations have occurred. An audit includes examining, on a test basis, evidence supporting the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide legal determination of the District's compliance with those requirements.

Audit Objectives

Our audit includes the following objectives:

- 1. To obtain reasonable assurance that the proceeds of the sale of the Measure E Bond Fund were only used for the purposes set forth in the ballot measure and not for any other purpose, such as teacher and administrative salaries.
- 2. To obtain reasonable assurance that the Governing Board of the District, in establishing the approved projects set forth in the ballot measure, evaluated the remodeling, new construction and renovations of items which will relieve overcrowding, repair local schools and improve student safety conditions of the District.

3. To obtain reasonable assurance that the District complied with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, the enactment of AB 1908 (Chapter 44, Statutes of 2000) and the bond measure. Management is responsible for the District's compliance with these requirements.

Scope and Methodology

To meet the objectives of our performance audit, procedures we performed included, but were not limited to, the following scope and methodology:

- 1. We documented and tested controls over financial reporting and compliance specific to the Measure E Bond Fund which included inquires about separation of duties, account coding, timekeeping, pay rates and procurement.
- 2. We verified that bond proceeds were deposited in the District's name and invested in accordance with applicable legal requirements.
- 3. We selected 2 out of 6 contracts and verified its compliance with bid requirements, and that invoices were paid within the contract terms and with board approval.
- 4. We tested payments made to the architectural service companies and reviewed the terms of contracts.
- 5. We tested approximately 74% of the 2019-20 expenditures to ensure they were valid, allowable and accurate.
- 6. We verified that the District was in compliance with Assembly Bill 1908 and Ed Code Section 15278, where the District is required to establish a bond oversight committee for Proposition 39 bonds that includes one active member from each of the following sectors: a business organization, senior citizens' organization, bona fide taxpayer's association, and one parent/guardian of a child enrolled in the District and one parent/guardian of a child enrolled in the District who is also a member of a parent teacher association.
- 7. We verified the Citizens' Oversight Committee met pursuant to Education Code Section 15280.

Results of Procedures Performed

We did not identify any exceptions to the procedures performed above, nor any exceptions to other tests that we conducted related to the Measure E Bond Fund. Our audit of compliance was made for the purposes set forth in the Objectives section of this report and would not necessarily disclose all instances of noncompliance.

Opinion

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Measure E Bond program for the fiscal year ended June 30, 2020.

C&A WP

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing over compliance and the results of that testing based on the standards referred to above. Accordingly, this report is not suitable for any other purpose.

Report on the Financial Statements

We have audited the accompanying financial statements of the Measure H Bond Fund of the Sonoma Valley Unified School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Sonoma Valley Unified School District's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure H Bond Fund of the Sonoma Valley Unified School District, as of June 30, 2020, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

As discussed in Note 1, the financial statements present only the Measure H Bond Fund and do not purport to, and do not, present fairly the financial position of the Sonoma Valley Unified School District, as of June 30, 2020, and the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sonoma Valley Unified School District's Measure H Bond Fund financial statements. The program statements as identified in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. These statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the bond fund financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, these statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have issued our report dated February 24, 2021 on our consideration of the Sonoma Valley Unified School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Sonoma Valley Unified School District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated February 24, 2021 on our consideration of the Measure H Bond Fund compliance with the requirements of Proposition 39. That report is an integral part of our audit of the Measure H Bond Fund for the fiscal year ended June 30, 2020 and should be considered in assessing the results of our financial audit.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

A. Accounting Principles

Sonoma Valley Unified School District (the "District") accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's *California School Accounting Manual*. The accounting policies of the District conform to accounting principles generally accepted in the United States of America as prescribed by the U. S. Governmental Accounting Standards Board ("GASB") and the American Institute of Certified Public Accountants ("AICPA").

B. Reporting Entity

The District is the level of government primarily accountable for activities related to public education. The governing authority consists of five elected officials who, together, constitute the Board of Trustees.

In 2010-11, an advisory committee to the District's Governing Board and Superintendent, called the Measure H Citizens' Oversight Committee was established. The purpose of the committee is to inform the public concerning the expenditure and uses of the District's bond measure revenues. The Committee's legal charge is to actively review and report on the expenditure of taxpayer money for school construction in accordance with voter approved projects.

The financial statements presented are for the Measure H Bond Fund and are not intended to be a complete presentation of the District's financial position on operations.

C. Basis of Presentation

Fund Financial Statements:

Fund financial statements report detailed information about the District. The Building Fund is a governmental fund and is presented as a major fund in the District's combined financial statements. The Building Fund is used to account for proceeds from the sale of real property and account for the acquisition of major governmental capital facilities and buildings from the sale of bond proceeds such as Measure H general obligation bonds.

The accounting and financial treatment applied to a fund is determined by its measurement focus. All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities are generally included on the balance sheet. The Statement of Revenues, Expenditures and Changes in Fund Balances for the Measure H Bond Fund presents increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

D. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Governmental funds use the modified accrual basis of accounting.

Revenues - Exchange and Non-exchange Transactions:

On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. "Available" means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. To achieve comparability of reporting among California districts, and so as not to distort normal revenue patterns with specific respect to reimbursement grants and correction to state-aid apportionments, the California Department of Education has defined available for district as collectible within one year.

Non-exchange transactions, in which the District receives value without directly giving equal value in return, include property taxes, grants, and entitlements. Under the modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Unearned Revenue:

Unearned revenue arises when assets are received before revenue recognition criteria have been satisfied. Grants and entitlements received before eligibility requirements are met are recorded as deferred inflows of resources from unearned revenue. On governmental fund financial statements, receivables associated with non-exchange transactions that will not be collected within the availability period have also been recorded as deferred inflows of resources.

Expenditures:

On the modified accrual basis of accounting, expenditures are generally recognized in the accounting period in which the related fund liability is incurred. However, under the modified accrual basis of accounting, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds. When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

E. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. By state law, the District's governing board must adopt a final budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's governing board satisfied these requirements.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

These budgets are revised by the District's governing board and District superintendent during the year to give consideration to unanticipated income and expenditures.

Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object.

F. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid. All encumbrances are liquidated on June 30.

G. Assets, Liabilities, and Equity

1. Cash and Investments

Cash balances held in banks and in revolving funds are insured to \$250,000 by the Federal Deposit Insurance.

In accordance with *Education Code* Section 41001, the District maintains substantially all of its cash in the County Treasury. The county pools these funds with those of other Districts in the county and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

All District-directed investments are governed by Government Code Section 53601 and Treasury investment guidelines. The guidelines limit specific investments to government securities, domestic chartered financial securities, domestic corporate issues, and California municipal securities. The District's securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made.

2. Cash and Cash Equivalents

The District's cash deposits are considered to be cash on hand and cash in banks. Cash and Cash Equivalents are generally considered short-term, highly liquid investments with a maturity of three months or less from the purchase date.

3. Investments

Investments are recorded at fair value in accordance with GASB Statement No. 72, Fair Value Measurement and Application. Accordingly, the change in fair value of investments is recognized as an increase or decrease to investment assets and investment income.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. In determining this amount, three valuation techniques are available:

- Market approach This approach uses prices generated for identical or similar assets
 or liabilities. The most common example is an investment in a public security traded
 in an active exchange such as the NYSE.
- Cost approach This technique determines the amount required to replace the current asset. This approach may be ideal for valuing donations of capital assets or historical treasures.
- Income approach This approach converts future amounts (such as cash flows) into a current discounted amount.

Each of these valuation techniques requires inputs to calculate a fair value. Observable inputs have been maximized in fair value measures, and unobservable inputs have been minimized.

4. <u>Long-Term Obligations</u>

In the Measure H Bond Fund financial statements, bond premiums, discounts and bond issuance costs are recognized during the current period. The face amount of the debt issued, premiums, or discounts are reported as other financing sources/uses.

5. Fund Balance Classifications

In accordance with Government Accounting Standards Board Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, the District classifies governmental fund balances as follows:

- *Nonspendable* includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.
- Restricted includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the highest level of decision making authority and does not lapse at year-end. Committed fund balances are imposed by the District's board of education.
- Assigned includes fund balance amounts that are intended to be used for specific purposes that are neither considered restricted or committed. Fund balance may be assigned by the Superintendent and the Assistant Superintendent of Business Services.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

• *Unassigned* includes positive fund balance that has not been classified within the above mentioned categories and negative fund balances in other governmental funds.

The District uses restricted/committed amounts to be spent first when both restricted and unrestricted fund balance is available unless there are legal documents/contracts that prohibit doing this, such as a grant agreement requiring dollar for dollar spending. Additionally, the District would first use committed, then assigned, and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

6. Accounting Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTE 2 - CASH AND INVESTMENTS

Summary of Deposits

A summary of deposits as of June 30, 2020, is as follows:

	Carrying	Fair	
Description	Amount	Value	
Cash in county treasury investment pool	\$ 1,510,217	\$ 1,519,127	_

Fair Value Measurements

GASB 72 established a hierarchy of inputs to the valuation techniques above. This hierarchy has three levels:

- Level 1 inputs are quoted prices in active markets for identical assets or liabilities.
- Level 2 inputs are quoted market prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other than quoted prices that are not observable.
- Level 3 inputs are unobservable inputs, such as a property valuation or an appraisal.

The District has the following recurring fair value measurements as of June 30, 2020:

• Investments in the Sonoma County Treasury Investment Pool are not measured using the input levels above because the District's transactions are based on a stable net asset value per share. All contributions and redemptions are transacted at \$1.00 net asset value per share.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

Cash in County Treasury

The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District's investment in the pool is reported in the accounting financial statements at amounts based upon the District's pro rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations.

Risk Disclosures

Limitations as they relate to interest rate risk, credit risk, custodial credit risk - deposits and concentration of credit risk are described below:

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to the changes in market interest rates. The District manages its exposure to interest rate risk by investing in the County Treasury. The District maintains cash with the Sonoma County Investment Pool. The pool has a fair value of approximately \$2.836 billion and an amortized book value of \$2.819 billion. The average weighted maturity for this pool is 787 days.

Credit Risk

Credit risk is the risk of loss due to the failure of the security issuer. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The investment with the Sonoma County Investment Pool is governed by the County's general investment policy. The investment with the Sonoma County Investment Pool is rated at least AA by Moody's Investor Service.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy for custodial credit risk for deposits. However, the

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

California Government code requires that a financial institution secure deposits made by State or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under State law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 3 - MEASURE H GENERAL OBLIGATION BOND

Through elections, the District received authorization to issue general obligation bonds (GOB) that requires the county to levy annual ad valorem taxes for the payment of interest and principal on the bonds. Bond proceeds are used to help prevent budget cuts, improve student achievement and college/job preparation by making neighborhood schools energy efficient through the installation of solar panels, energy efficient windows, and by implementing water conservation improvements. This will create savings that will be used to improve classrooms, upgrade technology, modernize and equip classrooms, libraries, computer and science labs, as well as support career/technical education.

On December 22, 2010, the District issued \$14,648,881 in General Obligation Bonds, Series A, B-1, and B-2 to finance the installation of multiple solar panel arrays in the district. From the gross proceeds of \$14,953,792 which included a premium of \$304,911 net of an underwriting discount of \$109,867, net proceeds of \$14,539,866 (after payment of \$304,059 in issuance costs) were deposited with the County in the District's name. The bond bears interest at 3.8% to 12% and matures on June 30, 2031. The interest rates are fixed per maturity date for both serial and term bonds, resulting in a range of interest rates based on the maturity schedule.

On February 10, 2015 the District issued \$25,350,000 in General Obligation Bonds, Election of 2010, Series 2015, to finance specific construction, repair and improvement projects approved by the voters of the District. From the gross proceeds of \$28,654,350 which included a premium of \$3,304,350 net of an underwriting discount of \$100,133, net proceeds of \$28,384,217 (after payment of \$170,000 in issuance costs) were deposited with the County in the District's name. The bond bears interest at 3% to 5% and matures on August 1, 2033. The interest rates are fixed per maturity.

Measure H Bond Fund Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2020

The following schedule summarizes the District's Measure H Bond Fund general obligation bonds as of June 30, 2020:

						Bonds					Bonds
	Issue	Maturity	Interest	Original	C	utstanding				C	Outstanding
Bond	Date	Date	Rate	Issue	Ju	ly 01, 2019	Issued	Red	eemed	Ju	me 30, 2020
2010 GOB, Ser. 2010A	2010	2031	6.5-12%	\$ 4,003,881	\$	4,003,881	\$ -	\$	-	\$	4,003,881

Measure H Bond Fund Notes to Program Statements For the Fiscal Year Ended June 30, 2020

NOTE 1 - THE PROGRAM

In November 2000, California voters passed Proposition 39, which allows school districts to issue general obligation bonds with 55% voter approval (instead of two-thirds of the votes), if the intent and purpose of the bonds is to reduce class sizes and to modernize/replace school facilities. Along with the passage of Proposition 39, additional requirements are also added to ensure accountability over the usage of the bond proceeds, which includes conducting annual financial and performance audits.

The Sonoma Valley Unified School District passed Measure H on November 2010, with 67% of District voters approving the measure. The governing board then appointed a Citizens' Oversight Committee to ensure accountability over the issuance and expenditures of bond proceeds. The bond oversight committee holds quarterly meetings to ensure that bond proceeds are expended in accordance with the bond project list and to obtain updates from the bond manager in regard to the progress of projects funded with bond proceeds.

The Sonoma Valley Unified School District successfully sold all of the bonds authorized by the capital program under Measure "H", which authorized \$40 million in bonds to be sold over time.

All projects funded by the issuance of Measure H general obligation bonds are subject to review by the District's Board of Trustees and by an independent Citizens' Oversight Committee. The District will also provide many public forums to present progress and seek input from community members, parents, and staff.

The District issued \$14.65 million in Bond proceeds for the District's solar program. The solar program is estimated to reduce utility costs and provide an additional source of funds to the District in the form of rebates from the California Solar Initiative. The goal is to generate savings that will benefit students in the form of additional resources for the classroom instead of utility bills.

The bond financing was facilitated in part via the District's receipt of a Clean and Renewable Energy Bond (CREB) Program award, which the District staff applied for and successfully garnered in November 2009. The CREB award allowed the District to sell approximately \$10 million of the total bonds with a Federal government subsidy, whereby the interest cost is substantially reduced. This means that the District was able to secure a large portion of the financing at an interest rate of approximately 3.14%, as compared to a non-subsidized rate of approximately 5.00%. Additional information about bond issuances can be found in Note 3.

NOTE 2 - ORGANIZATION

Sonoma Valley Unified School District was established in 1901 and encompasses an area of approximately 900 square miles. There were no changes in the boundaries of the District during the current year. The District currently operates five elementary schools, two middles schools, one high school, and a continuation high school.

Measure H Bond Fund Notes to Program Statements For the Fiscal Year Ended June 30, 2020

The board of Education for the fiscal year ended June 30, 2020, was comprised of the following members:

Name	Office	Term Expires
John Kelly	President	December 2025
Melanie Blake	Vice President	December 2023
Cathy Colemen	Member	December 2023
Britta Johnson	Member	December 2020
Catalina Wetzel	Member	December 2020

NOTE 3 - CITIZENS' OVERSIGHT COMMITTEE

Duties of the committee include ensuring that bond revenues are expended only for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities. The committee must also ensure that no funds are used for any teacher or administrative salaries or other school operation expenses.

Furthermore, the committee is authorized to receive and review copies of the annual independent performance audit and the annual independent financial audit required by Article XIIIA, Section 1(b)(3)(C) and Article XIIIA, Section 1(b)(3)(D), respectively, of the California Constitution.

The Committee was formed by the Board trustees, which met two times in the last fiscal year. The Citizens' Oversight Committee was comprised of the following members as of June 30, 2020:

Name	Title
Berger, Kevin	At-large Community Member

During the fiscal year ended June 30, 2020, the District was unable to fill all the committee positions, however, as required by Article XIIIA, the District was actively seeking to fill these roles and publicly posted the vacancies.

SCHEDULE OF FINDINGS AND RECOMMENDATIONS

Measure H Bond Fund Schedule of Findings and Recommendations For the Fiscal Year Ended June 30, 2020

This section identifies the deficiencies, significant deficiencies, material weaknesses, and instances of noncompliance related to the financial statements that are required to be reported in accordance with *Government Auditing Standards*.

Our tests resulted in no findings and recommendations.

Measure H Bond Fund

Schedule of Prior Year Findings and Recommendations For the Fiscal Year Ended June 30, 2020

Finding 2019-001; 30000 – Accounts Payable Accrual (Repeat of finding 2018-001)

Criteria: According to Generally Accepted Accounting Principles (GAAP) all expenses should be recognized when incurred.

Condition: During our testwork over the District's accounts payable, we noted that the District incorrectly excluded \$589,571.

Effect: The District's accounts payable was understated by \$589,571.

Cause: During year end process, the District incorrectly performing system processes and failed to review the final accrual balances to ensure proper classification of expense cutoff for accounts payable.

Recommendation: We recommend the District review the system process for recording expenses as accounts payable and ensure ending accounts payable balances are correct.

Corrective Action Plan: The District will review invoices received subsequent to year end and apply them to the correct fiscal year. The district will also review all closing entries with our County Office of Education to ensure that proper system processes have been performed correctly to produce the appropriate entries.

Status: Implemented.

OTHER INDEPENDENT AUDITOR'S REPORTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Measure H Citizens' Oversight Committee and Governing Board Members Sonoma Valley Unified School District

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure H Bond Fund of the Sonoma Valley Unified School District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Sonoma Valley Unified School District's Measure H Bond Fund financial statements, and have issued our report thereon dated February 24, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sonoma Valley Unified School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sonoma Valley Unified School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sonoma Valley Unified School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sonoma Valley Unified School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However,

providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

C&A WF

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON THE MEASURE H BOND PROGRAM

Measure H Citizens' Oversight Committee and Governing Board Members Sonoma Valley Unified School District

Compliance

We have audited the Sonoma Valley Unified School District's (the District) compliance with Measure H of the November 2010 election, as approved under Proposition 39, and with the performance requirements referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution.

Management's Responsibility

Compliance with the requirements referred to above is the responsibility of the District's management.

Auditor's Responsibility

Our responsibility is to express an opinion on the District's compliance with the laws and regulations identified above based on our audit. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on compliance with the laws and regulations have occurred. An audit includes examining, on a test basis, evidence supporting the District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide legal determination of the District's compliance with those requirements.

Audit Objectives

Our audit includes the following objectives:

- 1. To obtain reasonable assurance that the proceeds of the sale of the Measure H Bond Fund were only used for the purposes set forth in the ballot measure and not for any other purpose, such as teacher and administrative salaries.
- 2. To obtain reasonable assurance that the Governing Board of the District, in establishing the approved projects set forth in the ballot measure, evaluated the remodeling, new construction and renovations of items which will relieve overcrowding, repair local schools and improve student safety conditions of the District.

3. To obtain reasonable assurance that the District complied with the performance requirements as referred to in Proposition 39 and outlined in Article XIIIA, Section 1(b)(3)(C) of the California Constitution, the enactment of AB 1908 (Chapter 44, Statutes of 2000) and the bond measure. Management is responsible for the District's compliance with these requirements.

Scope and Methodology

To meet the objectives of our performance audit, procedures we performed included, but were not limited to, the following scope and methodology:

- 1. We documented and tested controls over financial reporting and compliance specific to the Measure H Bond Fund which included inquires about separation of duties, account coding, timekeeping, pay rates and procurement.
- 2. We verified that bond proceeds were deposited in the District's name and invested in accordance with applicable legal requirements.
- 3. We tested payments made to the construction service companies and reviewed the terms of contracts.
- 4. We tested approximately 97% of the 2019-20 expenditures to ensure they were valid, allowable and accurate.
- 5. We verified that the District was in compliance with Assembly Bill 1908 and Ed Code Section 15278, where the District is required to establish a bond oversight committee for Proposition 39 bonds that includes one active member from each of the following sectors: a business organization, senior citizens' organization, bona fide taxpayer's association, and one parent/guardian of a child enrolled in the District and one parent/guardian of a child enrolled in the District who is also a member of a parent teacher association.
- 6. We verified the Citizens' Oversight Committee met pursuant to Education Code Section 15280.

Results of Procedures Performed

We did not identify any exceptions to the procedures performed above, nor any exceptions to other tests that we conducted related to the Measure H Bond Fund. Our audit of compliance was made for the purposes set forth in the Objectives section of this report and would not necessarily disclose all instances of noncompliance.

Opinion

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the Measure H Bond program for the fiscal year ended June 30, 2020.

C&A WP

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing over compliance and the results of that testing based on the standards referred to above. Accordingly, this report is not suitable for any other purpose.

CITIZENS' BOND OVERSIGHT COMMITTEE

ANNUAL REPORT

March 31, 2021

CITIZENS' BOND OVERSIGHT COMMITTEE ANNUAL REPORT

2020-2021

The Citizens Oversight Committee

Measure H, authorizing the issuance of \$40 million of general obligation bonds, was approved by the voters within the Sonoma Unified School District in November, 2010. In November 2016, voters passed Measure E authorizing the issuance of \$120 million of general obligation bonds. Pursuant to the provisions of the Strict Accountability in Local School Construction Bonds Act of 2000 the Board of Trustees was required to appoint a Citizens' Oversight Committee after the successful bond election.

At their regular meeting on November 15, 2016, the District's Board of Trustees designated our current committee as the Citizens' Oversight Committee for both Measure H and Measure E.

The primary charge of the Oversight Committee is to inform the public about the expenditure of bond revenues and to ensure these revenues are spent for the purposes described in Measure H. Activities and duties of the Committee are found in Sections 15278 et. seq. of the Education Code.

The Citizens' Oversight Committee is required to have representatives from the following:

- 1. One member active in a business organization representing the business community located within the District.
- 2. One member active in a senior citizens' organization.
- 3. One member active in a bona fide taxpayers' organization.
- 4. One member who is the parent or guardian of a child enrolled in the District
- 5. One member who is the parent or guardian of a child enrolled in the District and who is active in a parent-teacher organization, such as the PTA or school site council.
- 6. Two other members, selected from the public at large.

MEMBERS OF THE COMMITTEE

Chris McNairy, Chairman, is a Sales Manager for Hunter Industries. Chris' children attend or have attended Sonoma Valley Unified School District Schools and he has served on the Sonoma Charter School Governing Board, Sonoma Charter School PTO and the Sonoma Valley High School Master Planning Committee. Currently Chris serves as the President of the SVHS Boosters Board. Additionally, Chris is active or has been active in the Boy Scouts, Little League, Babe Ruth and St. Andrew Presbyterian Church.

Kevin Berger was appointed to the Oversight Committee in April 2015. Kevin is a Civil Engineer for the Sonoma County Permit and Resource Management Department and is representing the community as an at-large member of this committee.

Havard Staggs was appointed to the Oversight Committee by the Board on December 13, 2016. Havard serves as the Treasurer of the California Foundation on Aging and served on the 2002 Amador County Unified School District Bond Oversight Committee.

Jamie Storck was appointed to the Bond Oversight Committee by the Board on March 14, 2017. Jamie is a parent of an SVUSD student and is active in a local business organization.

ACTTVITIES OF THE COMMITTEE;

Agenda and Action taken at the October 21, 2021 Meeting include the following:

- Approval of the Minutes from the Committee's April 21, 2020 meeting
- Approve expenditures from 2010 (H) Bond and 2017 (E) Bond for the period April 6,2020 through June 30, 2020
- Approve expenditures from 2010 (H) Bond and 2017 (E) Bond for the period July 1,2020 through October 02, 2020
- Calendar Next Meeting Date to Approve Audit of Measure (H) Bond and (E) Bond for the Fiscal Year Ending June 30, 2020 (March 24, 2021)
- Calendar Next Meeting Date to Approve Annual Report to be presented at a future Board Meeting (March 31, 2021)

Facilities Tour March 5, 2021;

- Sonoma Charter School, Portable Replacement Project
- Altimira Middle School, Track Project and Locker Room Project
- El Verano Elementary School, Multi-Purpose Room Project
- Adele Harrison Middle School, Gym and Preforming Arts and 21st Century Furniture Projects
 Sonoma Valley High School, CTE Culinary, Athletic Fields Projects

Agenda and Action taken at the March 24, 2021 Meeting include the following:

- Welcome New Members
- Acknowledgement and Thank You Jaime Storck March 2021 unless she elects to stay one more term. Kevin Berger – April 2021 and President, Chris McNairy – May 2021
 - Discuss recruiting new members

- Approval of the Minutes from the Committee's October 21, 2020 meeting
- Approve the Measure H (2010) and Measure E (2017) Bond Fund Audit for the Fiscal Year Ended June 30, 2020
- Review both Measure H (2010) and Measure E (2017) expenditures for the period October 03, 2020 through February 28, 2021.
- Review the *DRAFT* Annual Report to the Board of Trustees
- Select the Board Meeting Date to present the Oversight Committee's Annual Report to Trustees. (April 20, 2021)

Agenda and Action taken at the March 31, 2021 Meeting include the following

- Approval of the Minutes from the Committee's March 24, 2021 meeting
- Approve the Citizens' Oversight Committee Annual Report 2020-2021 (presented April 20, 2021 Board meeting)
- Calendar Next Meeting

Conclusion

The Committee's activities and actions have been in accordance with the Procedures, Policies and Guidelines adopted by the Board of Trustees as well as the duties outlined in Sections 15278 et. seq. of the Education Code. Financial reviews have taken place at each of the Committee's meetings listed.

Total expenditures approved from Fund 22 (2010 Bond/Measure H)

- April 06, 2020 to June 30, 2020 were \$962,041.74
- July 1, 2020 through October 02, 2020 were \$148,743.52
- October 03, 2020 through February 28, 2021 were \$860,429.

Total expenditures approved from Fund 21 (2017 Bond / Measure E)

- April 06, 2020 to June 30, 2020 were \$15,609,132.94
- July 1, 2020 through October 02, 2020 were \$7,093,801.12
- October 03, 2020 through February 28, 2021 were \$22,535,212.12

Since inception, total expenditures approved by the Committee have been:

Fund 21 (CREBS) \$9,866,112.41

(Clean and Renewable Energy Bonds)

Funds fully expended in 2015

Fund 22 (2010 Bond / Measure H) \$29,784,544.83

Fund 21 (2017 Bond / Measure E) \$ 63,844,263.21
